SULLIVAN COUNTY INVESTMENT POLICY

I - PURPOSE

The purpose of establishing an investment policy is to develop operating principles { which govern investment activity] within the guidelines of current legislation. The investment policy will enable the County to work within these guidelines to formulate investment objectives. The County Treasurer will be guided by the investment policy in managing the short and long term investments of the County's available cash.

OBJECTIVES

The County's three primary objectives are the preservation of principal (**safety**), the timely maturity of investments [and earnings] (**liquidity**) and competitive interest rates on investments (**yield**). In order of priority, the investment objectives as previously mentioned are as follows:

SAFETY: Investing in money market instruments is generally considered to be extremely safe, whether it is short term or long term in nature. Nonetheless, there are differences in safety associated with various securities. Therefore, consideration must be given to safeguard the investment of available funds. Such considerations would include:

1. FDIC coverage
2. Written third party collateral agreements with local Banking Depositories and Primary Dealers
3. Statutory guidelines which govern the types of investments allowed by local municipalities

LIQUIDITY: A major concern to the County Treasure is the ability to convert securities into cash to meet all operating requirements that may be reasonably anticipated. Cash flow projections developed for both capital and operational commitments is a basic tool used in the planning and timing of maturing investments to meet anticipated demands.

YIELD: Selecting investments that will return to the County the highest possible yield (interest rate) while conforming to the requirements of safety and yield.

The Chief Fiscal Officer shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials.

SULLIVAN COUNTY INVESTMENT POLICY
