#### **DIRECTOR'S REPORT:**

See attached report.

The bookstore has been slow. We are advertising in all the newspapers and on the radio. We have not been running sales and book dealers have not been in in quite some time. Vivian suggested running a sale if we need to move volume. Angela will run an October buy one – get one sale.

#### **OLD BUSINESS:**

Leo purchased battery backup exit signs but we need ones with emergency spot lights that will come on when the power goes off. John suggested simply buying add on spot lights to place on our existing signs. Angela spoke to the electrician who suggested exchanging the purchased signs. Vivian made a motion to exchange the signs and buy new ones with battery backup and spotlights, seconded by Alison M. John opposed.

Leo mentioned the sign in front of the bookstore has been painted. The Bethel sign is currently being painted.

Leo asked if the board would the Books sign on the side of the building be changed to Bookstore. The board felt the change was a good idea. Leo will try to find the original sign maker to match the lettering.
