RESOLUTION 281-10 INTRODUCED BY THE PUBLIC WORKS COMMITTEE TO URGE THE GOVERNOR AND STATE LEGISLATURE TO MAKE PROVISIONS FOR LOCAL HIGHWAY AND BRIDGE PROGRAM FUNDING

WHEREAS, the absence of provisions for local highway and bridge program funding, particularly for CHIPS in the emergency spending bills sent by the Governor to the legislature to keep the government operating without a state budget is an intolerable situation, and

WHEREAS, this lack of action is resulting in the non-payment by the State of legitimate expenditures that have already been made by contractors, consultants, engineers, local governments and highway departments for work on the State and Local transportation systems and has brought much current and future work to a standstill, and

WHEREAS, withholding payment for critical infrastructure maintenance and construction during the height of the construction season will not save the State money. Inaction is, in fact, adding new short and long term costs to the State. Deferring maintenance and delaying current and new projects will be a disaster necessitating immediate layoffs in the construction industry, equipment purchase order cancellations and eventual disruption in the supply chain for materials if and when State policy changes and work is allowed to again proceed.

NOW, THEREFORE, BE IT RESOLVED, that the Sullivan County Legislature is hereby urging the Governor and the State Legislature to include in future emergency spending bills language that will insure State reimbursement for CHIPS and other Local transportation related capital construction contracts approved prior to April 1, 2010, and

BE IT FURTHER RESOLVED, that approval of new transportation related Local capital construction contracts for projects from April 1, 2010 forward must be authorized so as to meet the maintenance and safety demands of our Local transportation system and to keep New Yorkers working, and

BE IT FURTHER RESOLVED, that the safety of the driving public and the preservation of the state's transportation infrastructure need to be a top priority of State Government during the budget impasse.
