**NOW, THEREFORE, BE IT RESOLVED**, that the Sullivan County Legislature does hereby enact and adopt this Local Law entitled "A Local Law To Raise the Legal Age for Purchase of Tobacco Products in Sullivan County to 21", County of Sullivan, State of New York, which local law is annexed hereto and made a part hereof.

Moved by Mrs. Rajs, seconded by Mr. Sorensen, put to a roll call vote with Mr. McCarthy opposed, resolution carried and declared duly adopted on motion April 20, 2017.

**A LOCAL LAW TO RAISE THE LEGAL AGE FOR PURCHASE OF TOBACCO PRODUCTS IN SULLIVAN COUNTY TO 21**

**BE IT ENACTED**, by the County Legislature of the County of Sullivan, New York, as follows:

**Section 1. Legislative Findings and Intent.**

The sale in Sullivan County of tobacco and related products to individuals under twenty-one years of age should be prohibited in order to:

- a) Further the goals of New York State's tobacco use prevention and control program, as identified in New York State Public Health Law §1399-ii;
- b) Respond to the fact that tobacco is the leading cause of preventable death and disease in New York State;
- c) Respond to findings made by the Institute of Medicine, which prepared a report at the request of the U.S. Food and Drug Administration entitled "Public Health Implications of Raising the Minimum Age of Legal Access to Tobacco Products," concluding and suggesting that:
  - i. Adolescent brains are uniquely vulnerable to the effects of nicotine;
  - ii. A younger age of initiation is strongly associated with greater nicotine dependence and is also associated with greater intensity and persistence of smoking beyond adolescence and into adulthood;

- iii. Almost one in five high school seniors is a current cigarette smoker;
  - iv. Underage users rely primarily on social sources, such as friends and family, to acquire tobacco, and most of these sources are likely to be between eighteen and twenty years old;
  - v. Raising the minimum legal age to twenty-one will mean that those who can legally obtain tobacco are less likely to be in the same social networks as high school students;
  - vi. Delaying initiation rates will likely decrease the prevalence of tobacco users in the U.S. population; and
  - vii. Raising the minimum legal age will likely immediately improve the health of adolescents and young adults by reducing the number of those with adverse physiological effects;
- d) Address the fact that, when adjusted for age, 24.5 % of adults in Sullivan County smoke, which contributes to Sullivan County having the second worst ranking of overall health in the State;
  - e) Respond to findings that most of those addicted to tobacco, start using tobacco before twenty-one years of age;
  - f) Respond to the growing rates of electronic cigarette use among youth, which expose users to unhealthy levels of nicotine and other unknown harmful chemicals;
  - g) Reduce the exposure of our youth to disease-causing toxins in secondhand smoke and in chemicals emitted from electronic cigarettes, liquid nicotine, shisha, herbal cigarettes, and other Prohibited Products as defined herein;
  - h) Apply evidence-based strategies to address the public health issues that result from tobacco use including but not limited to cancer, heart disease, and lung disease;
  - i) Prevent exposure of youth, who are particularly susceptible to addiction, to the chemically addictive effects of tobacco and related products, in an effort to improve public wellness and reduce health insurance expenditures; and
  - j) Protect young Sullivan County residents from the unregulated and unknown effects of electronic cigarettes, herbal cigarettes, and other Prohibited Products.

**RESOLUTION NO. 195 OF 2017 INTRODUCED BY THE EXECUTIVE  
COMMITTEE REQUESTING THE ADOPTION OF NEW YORK STATE  
SENATE BILL S. 5419 AND NEW YORK STATE ASSEMBLY BILL A.7242  
AUTHORIZING THE EXTENSION OF NEW YORK STATE TAX LAW  
§1210(i)(33) WHICH AUTHORIZED AN INCREASE TO THE THREE  
PERCENT RATE AUTHORIZED BY STATE TAX LAW FOR THE PERIOD  
BEGINNING DECEMBER 1, 2017 AND ENDING NOVEMBER 30, 2019, FOR A  
TOTAL SALES TAX RATE OF 8%, 4% OF WHICH WOULD BE REVENUE  
FOR SULLIVAN COUNTY**

**WHEREAS**, the Sullivan County Legislature has requested that the New York State Legislature adopt Home Rule Legislation that would authorize the extension of the current sales tax rate in the County of Sullivan which is presently 8%, 4% of which is revenue for Sullivan County; and

**WHEREAS**, pursuant to State Tax Law §1210(i)(33) the New York State Legislature previously authorized Home Rule Legislation that approved two increases in sales tax in the County of Sullivan; the first, by one half percent ( $\frac{1}{2}$  %) from seven percent (7%) to seven and one half percent ( $7\frac{1}{2}$ %) and the second, an additional one half percent ( $\frac{1}{2}$  %) from seven and one half percent ( $7\frac{1}{2}$  %) to eight percent (8%). Four percent (4%) of the eight percent (8%) is currently revenue for Sullivan County; and

**WHEREAS**, both of the one-half of one percent increases in the sales tax are set to sunset or expire on November 30, 2017; and

**WHEREAS**, the Sullivan County Legislature desires to extend the current sales tax rate until November 30, 2019; and

**WHEREAS**, in the event that both of the one-half of one percent increases in the sales tax rate were allowed to sunset or expire the reduction in revenues created would require the Sullivan County Legislature to increase the real property tax rate by eighteen and one half percent (18.5%) in order to make up the deficit in the 2018 budget,

**WHEREAS**, the County of Sullivan is dealing with significant losses of revenue due to the current economic downturn and the requested extension for the increase is both necessary and in the best interest of the County and its citizens; and

**WHEREAS**, the Sullivan County Legislature, by adopting Resolution No. 87-17 on January February 16, 2017, requested that the New York State Legislature adopt Home Rule Legislation extending the sunset date of New York State Tax Law §1210(i)(33) until November 30, 2019; and

**WHEREAS**, Bill No. S. 5419 is to be presented in the New York State Senate, and Bill No. A.7242 is to be presented in the New York State Assembly; both bills being identical, would permit the extension of the current sales tax rate in the County of Sullivan which is presently 8%, 4% of which is revenue for Sullivan County, until November 30, 2019.

**NOW THEREFORE, BE IT RESOLVED**, that the Sullivan County Legislature hereby requests that the New York State Senate adopt Bill No. S.5419 and the New York State Assembly adopt A.7242, which shall authorize the extension of the current sales tax rate in the County of Sullivan, to be maintained at 8% of which 4% is revenue to the County, as expeditiously as possible; and

**BE IT FURTHER RESOLVED**, that the Clerk of the Sullivan County Legislature is hereby directed to transmit a certified copy of this resolution to the Honorable John J. Bonacic, State Senator representing the 42<sup>nd</sup> Senatorial District, the Honorable Aileen M. Gunther, Assemblywoman representing the 100<sup>th</sup> Assembly District, Hon. Moved by Mr. Steingart, seconded by Mr. Perrello, put to a vote, unanimously carried and declared duly adopted on motion April 20, 2017.

## 1. BACKGROUND

The Electric Vehicle Infrastructure Reimbursement Program (“Program”) promotes the development of a robust network of Electric Vehicle Charging Stations in Sullivan County, New York. Recent developments in the auto industry, including the release of affordable electric vehicles by several high profile companies, are anticipated to have a major impact on the number of electric vehicles in regular use. In addition, New York State will inaugurate a program on April 1, 2017 to offer \$2,000 rebates on the purchase of zero-emissions and plug-in hybrid vehicles. The Sullivan County Office of Sustainable Energy (“OSE”) believes that it is in the County’s best interest to promote the development of this network of charging stations because it will encourage EV drivers to consider Sullivan County as a location to live, work, shop and visit.

## 2. PURPOSE

The purpose of the Electric Vehicle Infrastructure Reimbursement Program is to help local municipalities and public library districts develop infrastructure to support a network of electric vehicle charging stations. These Program Guidelines are intended to:

- Provide information about the Program countywide and promote the Program through an initial allocation of funding to all legislative districts (see 3.2 below on geographic distribution);
- Foster projects that have county-wide or regional significance by strategically locating infrastructure to promote community and economic development;
- Increase the impact of the grants and provide accountability of the Program through enhanced project tracking.

The Electric Vehicle Infrastructure Reimbursement Program has been seeded by Sullivan County with \$50,000 in funding for 2017.

### 3.2. Funding Cycle

OSE will accept applications for grants under the Program on a rolling basis. Applications will be reviewed by the Program committee, and awards made, up to three times during the calendar year. - **Each contract will require an attached Project Description detailing what the grantee will accomplish in order to receive funding. Grantees will be expected to identify a mechanism by which usage of the charging station(s) will be monitored and reported.**
- Applicants should review the contract prior to submission in order to ensure they will be able to comply with its requirements.

## **9. DOCUMENTATION OF PROJECT EXPENSES & MATCH**

In order to obtain the awarded funding, grant recipients must provide detailed documentation of project activities and expenses, along with proof of the committed match. Grant payments cannot be processed without adequate documentation.

The required match for the Program may include monetary contributions, in-kind services, or donated goods and services.

### **9.1. Proof of Purchase and Payment**

Grant recipients will be required to submit proof that the goods and/or services funded by the program have been provided and paid for. The legal business entity's information should be printed on the receipt and/or invoice. These documents should contain the date of the transaction, itemization of the items and/or services received, total cost and amount paid as well as the method of payment(s) such as cash, check or credit card.

- 9.1.1. If a purchase has been paid for in cash, the grantee should have the vendor indicate this on the invoice or receipt and provide a signature.
- 9.1.2. If the purchase has been paid for by check, the grantee should submit a copy of the cancelled check along with the itemized invoice and/or receipt.
- 9.1.3. If the purchase has been paid for by credit card, the grantee should attach the credit card receipt along with the itemized invoice and/or receipt.

The grant recipient should sign and date the invoice or receipt, indicating that all items were received.

The signature of the vendor is required if the receipt has been hand written, if the payment has been made in cash, or if it is an invoice that indicated a balance due which is now being marked as paid in full.

### **9.2. Documentation of Match**

The Program requires contributions by the grantee to the project cost that match or exceed the award amount. Submissions for reimbursement must demonstrate that this match requirement has been met. Documentation will vary depending on how the match has been provided, however, all submissions for reimbursement shall include a statement detailing the total project budget, the portion of the budget to be considered as a match, and the source(s) of the match.

- 9.2.1. Monetary contribution. Commonly referred to as a "cash match," this type of match occurs when the grantee pays for a portion of the project cost. Any "cash match" shall include proof of purchase and proof of payment, as detailed above in sections 9.1 and 9.2.
- 9.2.2. In-kind services. In-kind services are non-monetary contributions to a project that include, but are not limited to, organizational staff or volunteer time given to a project, the use of existing equipment, or the use of existing

facilities. Documentation of in-kind services shall be made by providing a spreadsheet or table with information on the service provided, date(s) provided, the value of the contribution, and how that value was calculated. The submission shall include a signature of the organizational representative attesting to the execution and completion of the in-kind contributions. A sample table is provided in Appendix III, followed by explanations for each column entry.

- 9.2.3. Donated goods and services. Calculation of the match may also include donated project materials or services (*e.g.*, installation, construction, design, promotion). These shall be documented with a receipt for the goods provided by the donor, and containing all of the information required above for a proof of purchase (9.1).

**9.3 Documentation of Project Completion**

To assist the County in documenting and tracking the impact of this program, grant recipients are asked to provide documentation of their projects that can be used in reports. Such documentation may include, but is not limited to, before and after photos, project narratives, testimonials, news coverage, etc.

**10. AMENDMENT OF PROGRAM**

## 1.0 BACKGROUND

The PLANS & PROGRESS Small Grants Program builds on a history of small grantmaking by the County's Planning division. Initiated in the late 1990's as the Economic Development Assistance Program (EDAP) with money from the County budget and a State grant, the program also operated for a number of years as the Historic and Cultural Assistance Program. The program was revamped in 2015 to add a geographic element to the distribution of awards. Further changes were made in 2016 in order to be more responsive to community needs and streamline the contracting and reimbursement process, making administration of the program more efficient for both grant recipients and the County. These included:

- **A new application form.** The new form is intended to keep the process simple for applicants, while also highlighting program requirements in order to facilitate grant processing. The form is also available as a fillable pdf to enable online submissions.
- **A new grant contract.** The contract has been amended to remove requirements that proved onerous for small, volunteer-based groups. Time consuming waivers will no longer be needed.
- **More guidance on the reimbursement process.** A new section has been added to these guidelines providing detailed instructions on what's needed to receive funding once an award is granted and the project is completed.

## 2.0 OBJECTIVES

The purpose of the PLANS & PROGRESS Small Grant program is to assist local municipalities and community and not-for-profit organizations throughout Sullivan County with projects related to tourism, community and economic development, image enhancement, trails development, health improvement, agricultural and farmland protection, and other county goals. These guidelines are intended to:

- Promote use of the program countywide through an initial allocation of funding to all legislative districts (see 3.2 below on geographic distribution);
- Foster projects that have county-wide or regional significance by tying applications to County & municipal goals established in comprehensive or strategic plans;
- Increase the impact of the grants and accountability of the program through enhanced project tracking.

### 3.0 PLANS & PROGRESS PROGRAM GRANTS

#### 3.1 2017 Program Funding

The PLANS & PROGRESS Program has been seeded with \$100,000 in funding for FY2017.

#### 3.2 Funding Cycle

The County Division of Planning and Environmental Management will accept applications for the PLANS & PROGRESS Small Grants program on a rolling basis. The first review will assess all applications received by 4:00 p.m. **May 15, 2017**. The second round will look at applications received by 4:00 p.m. **July 7, 2017** and a the third round will assess applications received by 4:00 p.m. **September 8, 2017**. The later round(s) of application reviews will take place only in the event there are funds remaining after the initial awards have been made.

- Applicants should review the contract prior to submission in order to ensure they will be able to comply with its requirements.

## 9.0 DOCUMENTATION OF PROJECT EXPENSES & MATCH

In order to obtain the awarded funding, grant recipients must provide detailed documentation of project activities and expenses, along with proof of the committed match. Please note the following documentation requirements; grant payments cannot be processed without adequate documentation.

### 9.1 Proof of Purchase

Grant recipients will be required to submit proofs that the goods and services funded by the program have been provided. In order for proof to be accepted, the following information must be provided for each expense on either an invoice or a receipt:

- transaction date;
- an itemization of the materials and/or services provided;

- total cost;
- amount paid and the method of payment (such as cash, check, or credit card); and
- an indication that the balance has been paid in full.

Invoices and/or receipts should be on business stationary or forms and feature the name of the legal business entity along with other contact details including current address, phone, and email address.

**The grant recipient should sign and date the completed invoice or receipt, indicating that all items were received.**

**Additionally, a signature of the vendor is required if the receipt has been hand written, if the payment has been made in cash, or if it is an invoice showing a balance due that has been marked as paid in full.**

## 9.2 Proof of Payment

Because this is a reimbursement program, grantees must also provide proof of payment as well as proof of purchase. The required documentation will vary based on whether payment has been made by cash, check, or credit card.

- 9.2.1 Cash Payments. If a purchase has been made in cash, grant recipients should have the vendor indicate on the invoice or receipt the amount of cash paid, and provide a signature.
- 9.2.2 Payments by Check. If the purchase has been made by check, then the grantee should submit a front and back photocopy of the cancelled check .
- 9.2.3 Credit Card Payments. If the purchase has been made by credit card, then reimbursement documentation should include a copy of the billing statement with the relevant purchase circled. Additional purchases that may appear on the billing statement but which are not part of this transaction may be redacted.

## 9.3 Documentation of Match

The Plans & Progress Small Grants Program requires contributions by the grantee to the project cost that match or exceed the award amount. Submissions for reimbursement must demonstrate that this match requirement has been met. Documentation will vary depending on how the match has been provided, however, all submissions for reimbursement should include a statement detailing the total project budget, the portion of the budget to be considered as a match, and the source(s) of the match.

- 9.3.1 Monetary contribution. Commonly referred to as a “cash match,” this type of match occurs when the grantee pays for a portion of the project cost. Any “cash match” should include proof of purchase and proof of payment, as detailed above in sections 9.1 and 9.2.
- 9.3.2 In-kind services. In-kind services are non-monetary contributions to a project that include, but are not limited to, organizational staff or volunteer time given to a project, the use of existing equipment, or the use of existing facilities. Documentation of in-kind services should be made by providing a spreadsheet or table with information on the service provided, date(s) provided, the value of the contribution, and how that value was calculated. The submission should include a signature of the organizational representative attesting to the execution and completion of the in-kind contributions. A sample table is provided below, followed by explanations for each column entry.

Description of Service	Date of Service	Staff, Equipment or Facility	Cost Basis (e.g. hourly rate)	Length of Service (e.g. hours worked)	Value of Contribution
Total Value of In-Kind Services					(sum of this column)

*Description of Service:* Information in this column should address the type of in-kind contribution (personnel time, equipment, or facilities) and, when relevant, the activities that were performed.

*Date of Service:* Each date on which services were provided should be given its own entry. So if an individual donated a total of 50 hours to a project spread but that time was spread over 10 days, there should be an entry for each of those 10 days.

*Cost Basis:* Hourly personnel rates should be based on salary. Volunteer contributions may be valued at a flat rate of \$25/hour. Professional services may be given a higher value, but should be documented per the requirements of 9.3.3 below, addressing donated goods and services.

*Staff, Equipment or Facility:* For most in-kind services, this column will feature the name of the individual providing the service. However, if the in-kind service involves use of equipment of a facility (e.g. the use of a Town Hall for a public meeting), the name of the equipment or facility should be indicated in this column.

*Length of Service:* This column should show the number of hours the service was provided on that date only.

*Value of Contribution:* This column should equal the cost basis times the length of service.

- 9.3.3 Donated goods and services. Calculation of the match may also include donated project materials (e.g. lumber, stone, paint) or services (e.g. installation, construction, design, promotion). These should be documented with a “receipt” for the goods provided by the donor, and containing all of the information required above for a proof of purchase (9.1).

**9.4 Documentation of Project Completion**

To assist the County in documenting and tracking the impact of this program, grant recipients are asked to provide documentation of their projects that can be used in reports. Such documentation may include, but is not limited to, before and after photos, project narratives, testimonials, news coverage, etc.
