

## **Mental Health Consultant \*Delaware Valley Job Corps\* Callicoon, NY**

**Overview:** Delaware Valley Job Corps is seeking a Mental Health Consultant in Callicoon NY. Mental Health Consultants will conduct assessments and recommendations for Job Corps student applicants. Review of Social Intake Form (SIF) or intake assessment performed by counseling staff of students who indicate mental-health history, current mental-health problems, or who request to see the Center Mental-Health Consultant within one week of arrival. Determination when a medical separation is appropriate and recommended for students with mental health conditions and/or substance use co-occurring conditions. Assistance with the applicant file review process and participation in the center's reasonable accommodation committee as needed. Short-term counseling with mental-health checks as needed. The focus of these sessions should be on student retention and behaviors that represent employability barriers.

**Requirements:**

Clinical assessment, counseling, and interpersonal communication skills

**Shift:**

This is a full time position working Monday - Friday 8am-5pm

**Salary:** \$75.00 a hour
